

## PV FINANCING AND PPA MASTERCLASS

Together with **Bird & Bird**, **Ernst & Young**, **Solar Power Europe** and **Bloomberg New Energy Finance**, the STA is holding an exclusive masterclass, bringing together experts from across the solar and storage sectors to discuss financing the projects of today and the future in the UK:

- Storage & Solar: how to overcome the legal hurdles of financing projects
- What does increased solar deployment mean for power prices? What is the impact on project viability?
- How to mainstream corporate financing across Europe
- Emerging trends in the corporate PPA market in a post- ROC world
- PPA case studies: examples of best practice
- Delivering projects without ROC's: challenges and solutions

All attendees will receive a **FREE** hard copy of the following reports:

- ✓ **Making Solar Pay**
- ✓ **EU-Wide Solar PV Business Models**
- ✓ **Designing EU Policy To Encourage New Solar Business Models**

Financiers, developers, legal experts and sector analysts will be well-represented among the speakers and audience. The session will be followed by networking drinks.
