

# Raising Standards in Solar PV Operations and Maintenance

**When:** Tuesday 6<sup>th</sup> December, 9am to 7.30pm

**Where:** [Bird & Bird, 12 New Fetter Lane, London, EX4A 1JP](#)

## Conference Outline

Raising standards in providing O&M is critical to the value of solar assets, and choosing the right provider in a very competitive industry can be a formidable task. SolarPower Europe and the Solar Trade Association are running a joint conference in London where asset owners and O&M providers meet head on to present and debate how the sector must evolve.

With many of the UK's 8GW of large scale projects now finishing their 2 year warranty period, owners are tendering for new contracts. This is an opportune time to bring together O&M providers and asset owners to aid the process.

### You will learn what an asset owner should be looking for in their O&M provider plus:

- Hear first-hand from other asset owners: "what is wrong with O&M today", a panel debate
- How to prepare your solar assets beyond a 25-year life
- How to mitigate the loss in revenue from network outages
- Changing your O&M provider – transferring data and documentation
- Best practice and raising standards in O&M
- H&S priorities, technical innovations, predictive maintenance and much more .....

## TICKET PRICES

**STA and SolarPower Europe Members** £175 + VAT

**Non-member** £350 + VAT

Please register [here](#). This programme is currently provisional and the STA and SolarPower Europe reserve the right to make changes without notice

## SPONSORSHIP OPPORTUNITIES

There are sponsorship opportunities to fit a wide range of budgets and requirements. Do get in contact to showcase your brand to the leading industry players, by emailing [asoucy@solar-trade.org.uk](mailto:asoucy@solar-trade.org.uk) or [d.dang@solarpowereurope.org](mailto:d.dang@solarpowereurope.org). Alternatively, call +44 (0)203 637 2945
